Driving license

Driving license category B obtained on 30/11/2009

Personal interests

Passionate about everything related to computer science and the world of technology. I have developed the passion for cyber security thanks to the excellent courses that I have followed at Politecnico together with a series of conferences I have attended during my Erasmus experience in Madrid.

I am a very curious person who likes to get always involved. I believe that getting in touch with different realities and personalities can be the starting point for personal growth.

Personal Data

I authorize the use of my personal data in accordance with Legislative Decree 30 June 2003, n. 196 "Code concerning the protection of personal data".
